

Radio and Publications Research Assistant Volunteer

Role Description and Person Specification

About Pain Concern:

Pain Concern is a charity providing information and support to people with pain and those who care for them, whether family, friends or healthcare professionals. Visit our [website](#) to find out more about what we do, including our [Airing Pain](#) radio programme, [Pain Matters](#) magazine, information helpline and online community.

All pain is unpleasant, but for the one in five people in the UK living with long-term pain it is a part of everyday life. It diminishes quality of life more than any other condition, leading often to loss of work, depression and disability. Anyone at any age can develop persistent pain and you will very probably know somebody affected. Although there is usually no cure, people who receive the appropriate treatment, information and support can manage their condition effectively with life-changing results.

Role purpose:

As a Research Assistant Volunteer, you will assist our Managing Editor by conducting research into chronic pain and self-management of the condition.

What you would be doing:

- Undertake qualitative and quantitative research
- Provide insights that will help the charity fulfil its strategic aims.
- Identify trends in Pain management
- Tasks may include completing research on specific topics
