

Vacancy: Cheer Volunteer

Role Description

About Pain Concern

Pain Concern is a charity providing information and support to people with pain and those who care for them, whether family, friends or healthcare professionals. Visit our [website](#) to find out more about what we do, including our [Airing Pain](#) radio programme, [Pain Matters](#) magazine, information helpline, community pain education sessions and our research and campaigning work.

All pain is unpleasant, but for the 7.8 million people in the UK living with long-term pain it is a part of everyday life. It diminishes quality of life more than any other condition, leading often to loss of work, depression and disability. Anyone at any age can develop persistent pain and you will very probably know somebody affected. Although there is usually no cure, people who receive the appropriate treatment, information and support can manage their condition effectively with life-changing results

Role purpose

We have various fundraising events throughout the year and we are looking for volunteers to help us to support our amazing fundraisers. This would involve joining us at the fundraising events to cheer them on. This role would suit enthusiastic people who would like to motivate fundraisers to complete their event. We will have at least one cheer point along the route, where we will be showing our dedicated fundraisers how much we support them by cheering and clapping as loud as we can. This will also help to increase awareness of Pain Concern and the support the charity provides.

1 in 4 people in the UK live with long term pain, help us to help others by cheering on our fundraisers!

To find upcoming fundraising events local to you, please visit our website. Travel and lunch expenses can be reimbursed in line with our Expense Policy. We'd love to have you join us as a Cheer Volunteer why not bring your friends and family along too.
