

Vacancy: Fundraising & Events Officer

Role Description

About Pain Concern

Pain Concern is a charity providing information and support to people with pain and those who care for them, whether family, friends or healthcare professionals. Visit our [website](#) to find out more about what we do, including our [Airing Pain](#) radio programme, [Pain Matters](#) magazine, information helpline, community pain education sessions and our research and campaigning work.

All pain is unpleasant, but for the 7.8 million people in the UK living with long-term pain it is a part of everyday life. It diminishes quality of life more than any other condition, leading often to loss of work, depression and disability. Although there is usually no cure, people who receive the appropriate treatment, information and support can manage their condition effectively with life-changing results.
